

BRING YOUR VISION TO LIFE

Tile Installation and Supply Specialists

DESIGN TILES

Capability Statement

2026

Profile

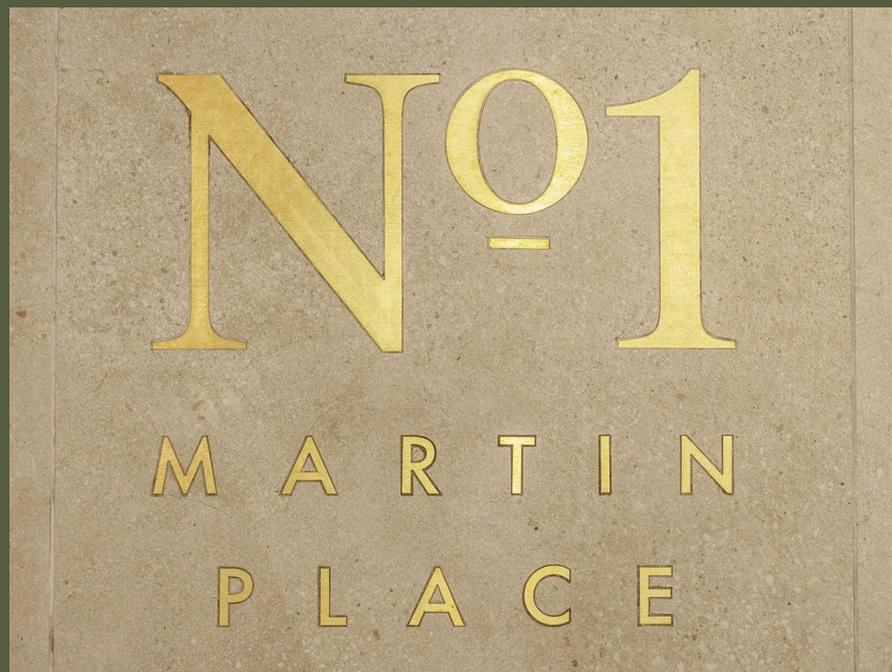

01

Who We Are

Design Tiles was established in 1999 by Ibrahim, a tiling director with over 30 years of industry experience, and Pelin, a qualified designer with a passion for delivering refined, design-led outcomes Capability.

For more than 26 years, we have delivered premium tile supply and commercial tiling solutions across residential, commercial, hospitality, industrial and government sectors.

What began as a family business built on craftsmanship has evolved into a structured dual-division operation - combining showroom-based design consultation with high-level commercial supply and installation capability.

02

Commercial Supply, Installation & Residential Selection Services

Through strong global supplier partnerships, an experienced installation team, and both a showroom-based retail division and structured commercial arm, Design Tiles supports builders, Tier 1 contractors, developers, architects, homeowners, and retail clients with dependable, design-led outcomes - delivering flexibility without compromising accountability and performance long after handover.

- **26+ years experience**
- **Multi Sector Experience**
- **100% safety record**
- **Licensed and Certified**
- **SWMS Documentation**

Mission

Our Mission

At Design Tiles, our mission is to bridge design vision and construction execution - delivering premium tile and stone solutions that combine architectural integrity, commercial reliability and value-driven procurement.

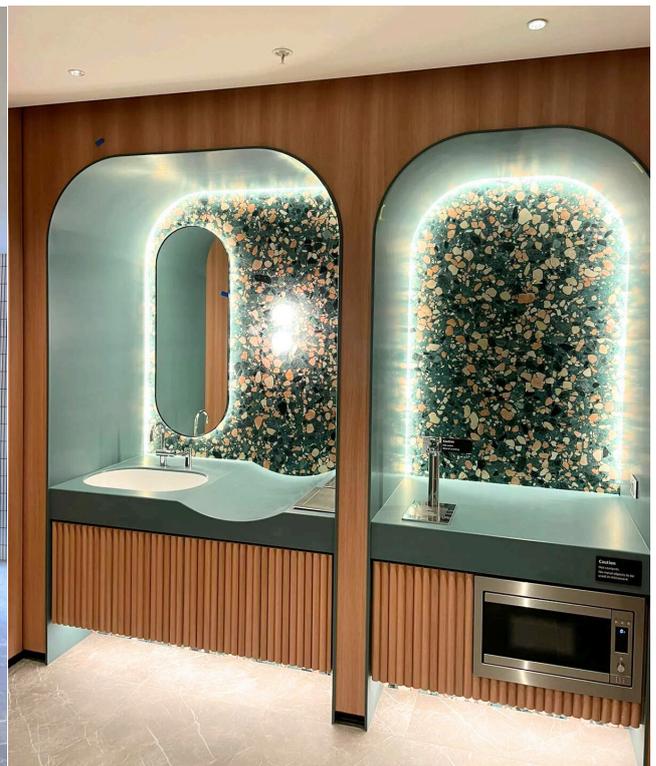

We simplify the specification and installation process by offering a fully integrated supply and install model, ensuring clarity, consistency and quality from initial selection through to final completion.

Our Approach

We believe successful projects require more than good products. They require:

Coordinated procurement	Skilled installation	Compliance with Australian Standards	Reliable post-completion support	Accurate quantity take-offs	Clear scope definition
-------------------------	----------------------	--------------------------------------	----------------------------------	-----------------------------	------------------------

By maintaining control across the full process, we reduce risk, improve communication and protect programme timelines.

Our Culture

- We are built on:
- Integrity.
- Accountability.
- Technical excellence.
- Long-term partnerships.
- Attention to detail from selection through to installation.

Our business is built on a **simple principle:**
Premium quality tiles at affordable prices

Timeline

1999

Establishment

Design Tiles established in Rockdale by Ibrahim and Pelin

2005

Expansion

Expanded product range to include premium natural stone and mosaics

2010

Commercial Division

Established commercial tiling division

2019

Online Presence

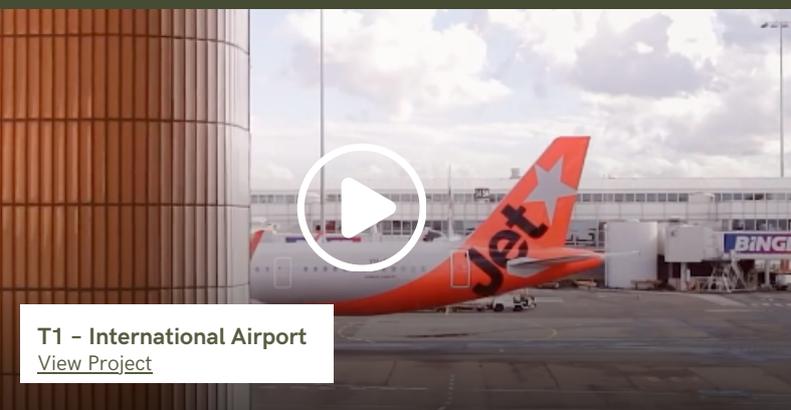

Established an online eCommerce division showcasing tiles, bathroomware, and lighting products.

2026

Partnership

Partnership with leading global tile manufacturers. (Porcelanosa , Atlas Concorde)

SHOWROOM CORE CAPABILITIES

Our retail and design division specialises in curated tile collections sourced globally and delivered with personalised consultation.

RETAIL & DESIGN DIVISION:

- 1 Showroom-based design consultation
- 2 Curated tile and stone collections
- 3 Quantity take-offs and project estimation
- 4 Builder coordination
- 5 Delivery scheduling and logistics

Our spacious, architecturally designed showroom provides one-on-one design consultations, both in-store and online, ensuring residential clients and builders receive expert guidance across selection, grout colour, finishes, and complementary materials.

We are trusted by builders, architects, designers, and homeowners to deliver global trends with local service at accessible pricing.

This division strengthens our commercial arm by ensuring specification accuracy from day one.

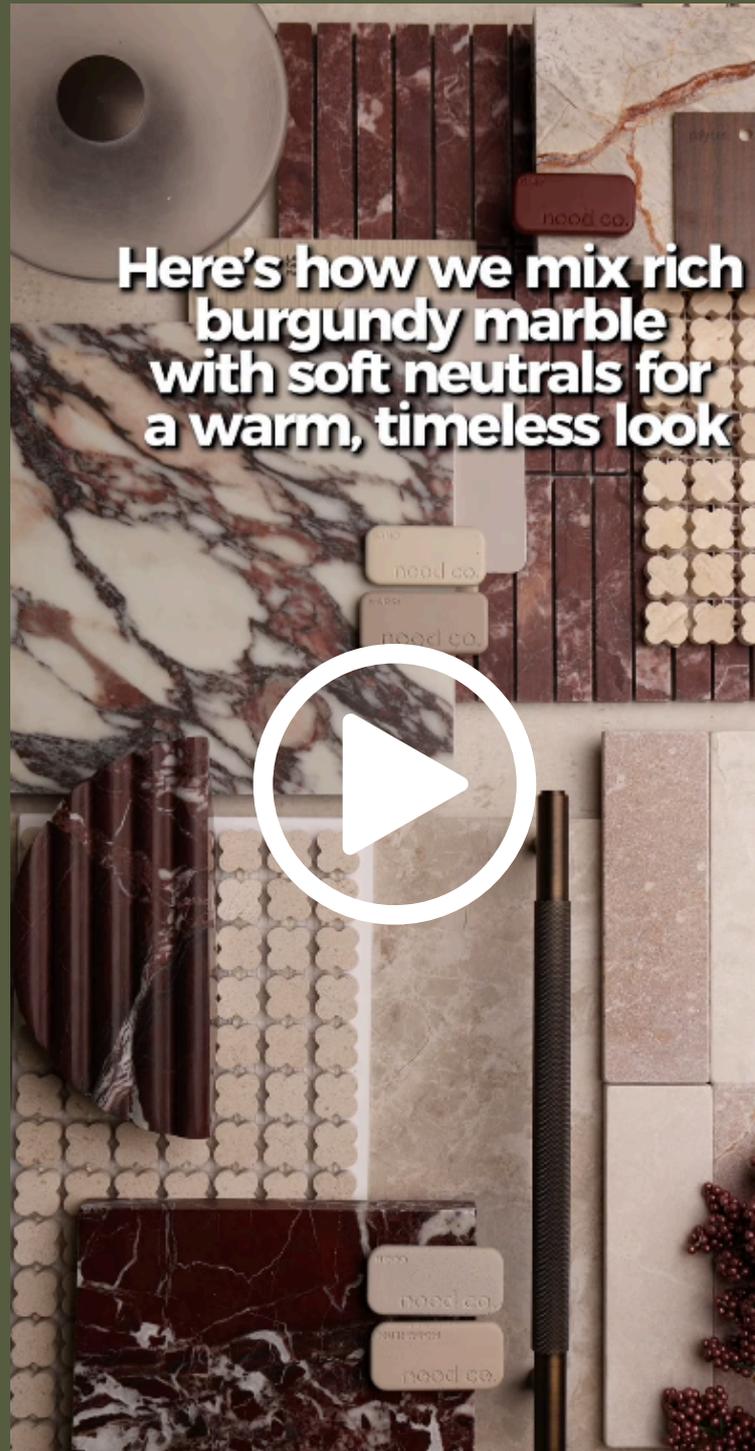

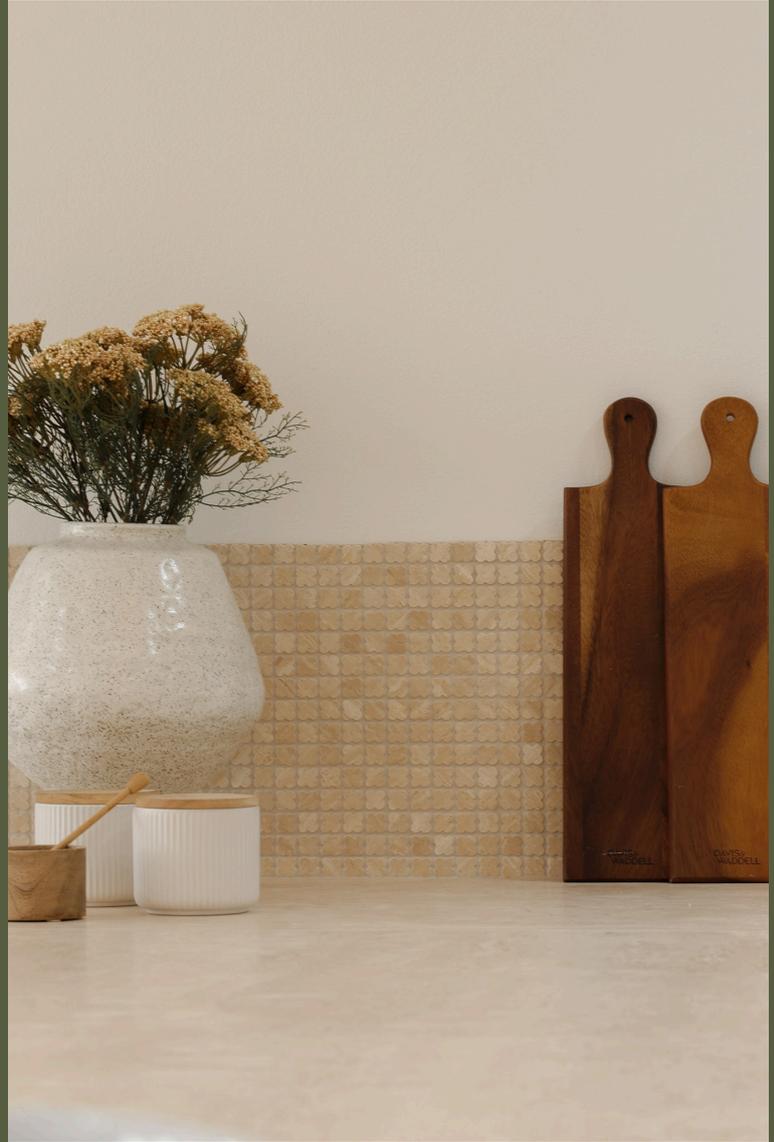

SHOWROOM CORE CAPABILITIES

Design Tiles Showroom Capabilities

We supply:

- High Quality Porcelain floor & wall tiles
- Large format Porcelain panels
- Ceramic tiles
- Natural stone & marble
- Terrazzo
- Mosaics
- Handmade Moroccan tiles
- Stone panels & cladding
- Pool Tiles
- Commercial & Residential Tiles
- Slip Resistant Tiles
- Japanese Mosaics
- Italian Tiles | Spanish Tiles

GLOBAL IMPORT CAPABILITY

**Exclusive Collections. Controlled
Procurement. Competitive Advantage.**

Design Tiles maintains established international supplier partnerships, enabling direct import of premium tile collections into the Australian market. Our exclusive Alhambra range showcases our ability to source distinctive, design-led products through controlled global procurement channels.

This direct sourcing model allows us to ensure consistent quality, competitive pricing and reliable supply for both residential and commercial projects.

GLOBAL SUPPLY PARTNERSHIPS

Authorised Distribution & Specification Support

Design Tiles is proud to supply and distribute globally recognised tile manufacturers, giving our clients access to premium international products backed by local expertise and accountable delivery.

Through long-standing supplier relationships, we provide direct access to specification-grade materials suited for high-performance commercial and architectural environments.

01 PORCELANOSA

Global Innovation. Technical Performance. Architectural Integrity.

With over 50 years of global operation and presence in 160+ countries, Porcelanosa is recognised for innovation in technical porcelain, slip-resistant finishes and sustainable manufacturing.

Its products are widely specified across commercial, hospitality and premium residential projects for their durability, design excellence and compliance performance.

Through Design Tiles, clients benefit from local specification support, procurement coordination and supply certainty when selecting Porcelanosa products.

Key attributes include:

- 50+ years global manufacturing expertise
- Operations in over 160 countries
- Specialisation in slip-resistant solutions
- Advanced technical porcelain technology
- Accelerated wear resistance technology
- Global GreenTag certification
- High percentage of sustainable production

GLOBAL SUPPLY PARTNERSHIPS

02

Italian Design Excellence. Engineered for Performance.

Design Tiles also supplies premium collections from Atlas Concorde, an internationally respected Italian manufacturer known for design innovation and high-performance porcelain surfaces.

Atlas Concorde combines Italian design heritage with advanced manufacturing technology, producing refined finishes suited to commercial, hospitality, retail and residential applications.

Their products are frequently specified for:

- Large-scale commercial flooring
- High-traffic public spaces
- Architectural feature walls
- Luxury residential developments

Through our established supply chain, Design Tiles ensures streamlined procurement, specification guidance and reliable delivery of Atlas Concorde materials.

GLOBAL SUPPLY PARTNERSHIPS

03

PANARIAgroup®

Advanced Surface Technology. Proven Global Performance.

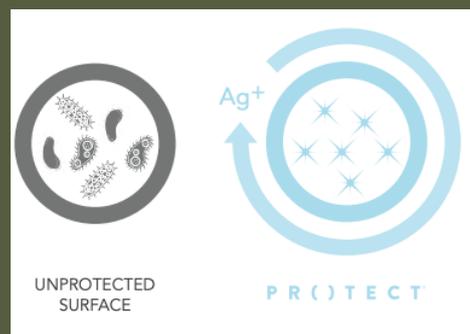

Design Tiles collaborates with Panariagroup, a world-leading Italian manufacturer of high-performance ceramic surfaces for architectural floor and wall applications.

Panariagroup is recognised for its strong focus on research, innovation and sustainable production, delivering technically advanced porcelain surfaces used across commercial, hospitality, healthcare and high-traffic environments.

One of their key innovations is **PROTECT® antimicrobial technology**, developed in partnership with **Microban®**. This technology integrates silver ions into the tile during the firing process, creating a permanent antimicrobial shield that helps eliminate up to 99.9% of bacteria on the tile surface

Key Advantages

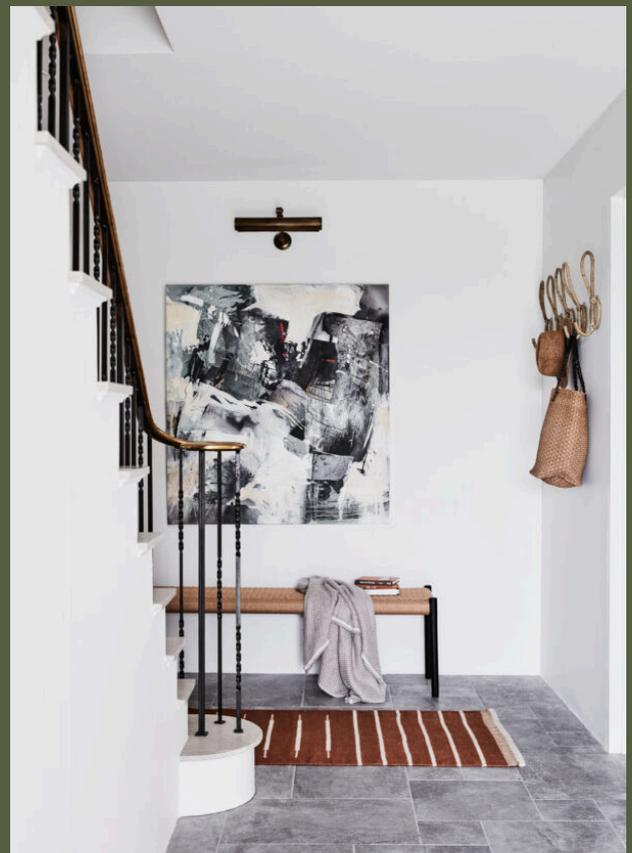

- Advanced antimicrobial PROTECT® technology
- Eliminates up to 99.9% of bacteria on surfaces
- Silver-ion technology permanently integrated into the tile
- Active 24 hours a day for the entire product lifecycle
- Suitable for healthcare, hospitality, commercial and public spaces

Why Design Tiles?

Premium Quality Without Premium Overhead

Our long-standing supplier relationships allow us to deliver architectural-grade porcelain and stone at competitive market pricing. We focus on value engineering without compromising finish quality.

Integrated Delivery Model

By combining product supply, installation and project coordination, we reduce fragmentation and provide one clear line of responsibility.

Supply & Install

By combining product supply, installation and project coordination, we reduce fragmentation and provide one clear line of responsibility.

Commercial Reliability

We understand the operational pressures of construction programmes. Clear communication, proactive coordination and accountable delivery are central to our reputation.

Design-Led Thinking

While commercially disciplined, we remain design-focused - ensuring the final finish achieves both aesthetic and performance outcomes.

Capacity

Design Tiles has the capability to supply large-scale projects through strong global partnerships, coordinated logistics and reliable high-volume procurement.

DIGITAL & SOCIAL PRESENCE

Industry Influence. Design Leadership. Real Engagement.

Design Tiles maintains a strong and active digital presence, connecting with homeowners, builders, designers and commercial clients across multiple platforms.

With over 57,000 followers and more than 3,000 published posts, our social platforms showcase real projects, product launches, commercial installations and design consultations - reinforcing our expertise and market authority.

Our digital channels are used to:

- Showcase completed residential and commercial projects
- Introduce global tile collections and new arrivals
- Highlight technical installation processes
- Share design insights and material education
- Promote showroom consultations and industry collaborations

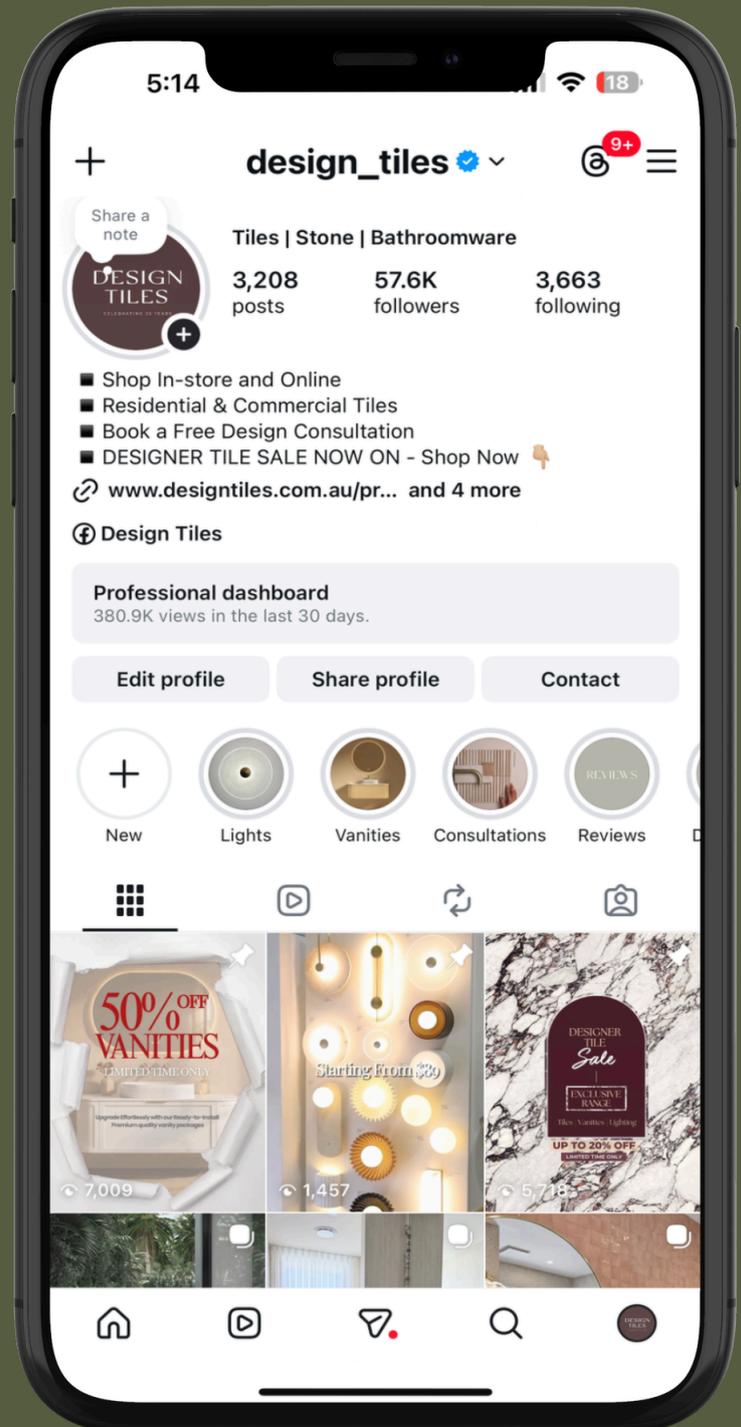

Through consistent engagement and content visibility, Design Tiles strengthens brand recognition, builds client confidence and supports both retail and commercial growth.

5-Star Review

PROJECT EXPERIENCE & SECTORS

Design Tiles delivers projects across:

- Corporate fit-outs
- Hospitality and hotels
- Mixed-use developments
- Residential apartment buildings
- High-end custom homes
- Retail and commercial spaces
- Wellness and lifestyle facilities

Our experience spans both supply-only and full supply-and-install contracts, allowing us to adapt to varying procurement structures.

Project Delivery Strength

Across each project, we prioritise:

- Accurate BOQs and wastage control
- Programme-aligned procurement
- Trade-qualified installers
- Detailed site coordination
- Defect prevention and rectification processes

We understand the expectations placed on commercial contractors and deliver with the discipline required to meet them.

Partner With Us

Design Tiles works alongside:

- Tier 1 contractors
- Commercial builders
- Developers
- Architects & designers
- Residential builders
- Private clients

We believe strong partnerships build strong projects.

SAFETY, COMPLIANCE & CONTACT

Safety & Compliance

Design Tiles is committed to maintaining high safety and compliance standards across all projects.

- Works aligned with AS 3958 & AS 3740
- Waterproofing certification
- SWMS documentation
- Public liability insurance
- Trade-qualified installers
- Structured QA inspections
- Defect management process

We prioritise safe work practices and professional site conduct at every stage of delivery.
